

Tindall joins Sandpiper

The work of artist Dana A. Tindall will be on display at the Sandpiper Gallery, 95 Commercial St. in Wellfleet throughout the summer.

Described as friendly, with a cynical touch, many of Tindall's pieces incorporate personal narrative that is activated by the viewer.

During the recent gallery summer kick-off party, quite a few folks were taking turns interacting with "Bob, Witch of the Midwest." Viewers were invited to make a wish and press a button that activates the piece in unusual ways.

For further information call the gallery at (508) 349-9500.
